The screenshot displays the Caneco-BT 5.2.0 software interface. The main window shows a distribution diagram for a circuit labeled 'T_1'. The diagram is organized into a grid with columns numbered 1 to 13 and rows numbered 1 to 11. The diagram includes a main bus at the top, a transformer symbol on the left, and various circuit components like switches (xc) and lamps (represented by circles with an 'X').

On the right side, there is a 'Résultats' (Results) panel for 'Circuit : C_1' which is marked as 'Circuit conforme' (Circuit conform). The panel lists various electrical parameters:
